Renaissance storey castle on the site of the original Gothic fortress. In 1682, rebuilt in the early Baroque style. The castle is surrounded by a beautiful castle park, which was built probably in the early 17th century, and includes some exotic species of flora. Castle Libochovice is the birthplace of Czech scientist Jan Evangelista Purkyně. To him is also dedicated one of four castle guided tours.

Tours: 1. Castle interiors 2. exposition of J. E. Purkyně 3. Castle cellars 4. Castle greenhouses
